Scope:	School of Medicine

I. Policy Summary

This is the Conflict-of-Interest policy for members of the Longitudinal Ambulatory Care Experience (LACE) Subcommittee of Medical Education Committee (MEC) of the UC Riverside School of Medicine.

II. Definitions

Conflict of interests may include personal relationships or financial relationships. Personal relationships include, but are not limited to, friends, family members, former employers, business/social/academic associates, and/or known relatives of any of those named above. Examples of financial relationships include, but are not limited to, the individual, or their immediate family member, currently or previously having a shared ownership interest with the individual or a member of their immediate family, or a relationship in which they receive a salary, gift, royalty, trade, intellectual property right, consulting fee, honoraria, or other financial benefit. In addition, there may be educational conflicts of interests where a course / clerkship / thread director (who is also a member of this committee) may present a proposal to the committee for a change in their course / clerkship / thread but director would recuse themselves from the committee discussion and vote.

III. Policy Text

A. If a member of the LACE subcommittee believes that a conflict of interest exists for him/herself or for another person on the subcommittee, said member should bring the potential conflict of interest to the attention of the Chair. The Chair will convene a meeting in the absence of the person with the potential conflict and those present will determine whether a conflict exists. If the decision is in the affirmative, the individual considered to have a conflict may be asked to recuse him/herself during committee discussions of the subject matter in question and, should a vote be taken, will not vote on the issue. Should the Chair be the person considered to have a conflict of interest, the members of the LACE subcommittee will vote on one faculty member to serve the function of the Chair in the process outlined.
