Quality benchmark for Clerkship & Site: A clerkship site or clerkship reporting more than 80 hours per week by one or more students is flagged for concern by a (red) dot.

Comparability Benchmark: A $\geq \pm 15\%$ variation in the reported mean hours per week at a clinical site from the overall clerkship mean is flagged for concern by a (red) dot.

Part 6: Timeliness of Grades

Quality Benchmark for Clerkship & Site: LCME requires that all grades be visible to students prior to 6 weeks from the last day of the clerkship. For the emergency medicine clerkship, the average time for students to receive grades is 5 weeks 6 days. Below is a graph that compares emergency medicine to other required clerkships. Please note that this only captures grades that were completed prior to this report and it does not include data on those pending a grade as of 12/7/2021.

Academic Year 2021-2022						
Availability of Final Grades		Number of weeks it took for students to receive grades			Percentage of students who did not receive grades within 6 weeks.
